

Blooming with **BOOKS**

Summer Camp

20 23

Each week we will highlight two books that will be incorporated into art projects, activities, adventures and so much more. We will include movement activities & even some special visitors. Every summer camp always comes along with **WATER DAYS!** Each class will take a turn on the playground playing in pools, with slip and slides and water toys.

A calendar will be sent each month with more detail as to what the friends will be doing each day.

We plan to explore all kinds of books: children's books, instructional books for cooking or exercise, & interactive movement books. We will learn about parts of a book, what a person is called that writes a book & what an illustrator is!

Every child enrolled in Summer Camp will receive a Summer Camp themed t-shirt along with endless summer reading fun!
